Local and Personal News.

Joe Elkins, of Kensett, Arkansas, was here the past week visiting relatives.

A. H. Greenfield, of the Bluff was here over Sunday, the guest of Mr. and Mrs. Dave Hecht.

Henry and Jap Jones, now employed with the fur house of Funstein Bros., St. Louis, are here this week visiting relatives.

Miss Hester Livensperger, and her little brother, Eugene, visited their sister, Mrs. J. I. Ponder, at Neelyville, this week.

Vandover Young and his sister, Miss Lora, are here from their home at Dyer, Tennessee, visiting Recorder Young and family.

River bathing is the vogue now, and many parties go to the banks for a plunge into the clear, cooling water of Current River.

Miss Katherine Perry, who has been visiting here for a week or ten days, returned to her home at Little Rock the last of the week.

Otto Harmon, who has been here visiting his wife's parents, and other relatives, returned to his home at Scooba, Mississippi, Monday last.

Looks sort of natural to again see Elmer Shout about the streets of the town talking stock and working up purchasing propositions for hogs and cattle.

Mrs. W. G. Morgan and her friend, Miss Bolin, who have been here for some weeks past, the guests of Mrs. Morgan's parents, Uncle Joe Stillwell and wife, started on their return to their Chicago home the last of the week.

J. J. Seymour and a party of friends were up the river fishing for a day or two the first of the week, making camp at Silver Shoals. They had good luck and brought back about 100 pounds of fish, and it was a mighty nice string, too.

While at work at one of the planer machines in the Hicks Swing Mfg. Co. works last Friday, Will Worley unfortunately brought his right hand in contact with a planer knife with the result that the thumb was severed from the hand.

The stork paid a visit to the home of Mr. and Mrs. Chester Pearce, at Vian, Oklahoma, on the 4th instant, and left with them a new baby boy. Grandpa and Grandma Pearce are correspondingly happy in this additional increase of their descendants.

There is to be a demonstration of canning food products at the high school auditorium at 2:30 o'clock tomorrow, Saturday, afternoon, by a lady demonstrator who is sent out by the State University, for the purpose. The lady was at Naylor yesterday, at Ripley Chapel, south of town, to-day, and at the Auditorium to-morrow. Everybody invited.

The Dick girls, Misses Bertha, Jessie, Minnie and Nona, and Miss Gertrude Sperry, left last Monday for a summer's visit at Colorado Springs. Some of the young ladies may remain until autumn, and if they do, in that event, a newspaper office in this town, as well as a county office, will lose the services of their chief compiler for a time at least, while the boys go out to see their girls.

Mrs. Robert Field and baby, and Mrs. Al Horner, and two little daughters, of Only, Tennessee, arrived last Tuesday evening on a visit to their father, J. J. Seymour, and the family and other relatives here. Their visit was a surprise to the folks as they came uninvited. Mrs. Field and Mrs. Horner were the Misses Pearl and Ethel Seymour, before their marriage, and both were well-known here.

H. A. Tanner and wife, Miss Alvia McFadden and Carr McCaully, made up one party, J. R. Wright and wife, Misses Alma Borth, Maida Taylor and Marie Doherty, made up another party that went by automobile to the Bluff last Sunday to attend the Neelyville meeting. They were caught in the storm that evening and had quite a time making it back home. The Tanner party left their car at the Bluff and came home by rail, going back after the car Tuesday.

Mrs. H. B. Quisenberry died at her home at Daming, New Mexico last Friday, and the body was received here on Monday noon. The funeral was held Tuesday afternoon, and the burial made at Oakridge cemetery. The deceased was for a number of years a resident of this county and of Doniphan. Her health had not been good for some time past, and her age at death was 57 years. All of her family were here at the funeral, the three sons, Curtis, Magnus and Lloyd, living here, while the younger girls, living with the family at Daming, and the married daughters, one of whom from Idaho and the other from West Virginia, attended.

Mrs. Addie Wilkerson was a Bluff visitor the past week.

Mrs. Eara Ponder left for Kansas City last Tuesday, for a visit with her parents.

Miss Lillie Herman is here from St. Louis, visiting her sister, Mrs. Dave Hecht.

Mrs. Tom Poston was here from the Bluff visiting relatives and for a day or two the past week.

Rod Proctor, of Johnston's Pharmacy was exhibiting a big potato of the Triumph variety, that had grown in his patch. The potato weighed 17 ounces, and was a big one for the triumph, and it was solid and fine and looked nice and red, and two or three would make a meal for an ordinary family.

Dad Blunk, of the Grand Avenue hotel, is bragging about the potato crop he raised this year, and we guess Dad raised 'em, all right, and we saw him at work in the patch on more than one occasion. While the plot of ground he had in potatoes didn't equal an acre, at the rate they have yielded, had he planted an entire acre and the ground been in proportion, the acre would have given over 700 bushels, and that is some spuds, believe us.

Company "E" News.

Recruiting Company "E" Sixth Mo. Infantry is going on steadily as new men are being enlisted and mustered in every day. The enrolling list contains over 100 names but the men have not all been mustered in nor given physical examination, only about half of the number rolled having been examined. The physical examination vigorous, and it takes a good man to get by this part of the entrance. So far only four have absolutely fell down on the examination and it is not thought that more than twelve or fifteen will be rejected by the examiners. Although there is over a hundred names on the roll there have only been about ninety regularly mustered in, that is have taken the oath required of all who join the army, and of the numbered mustered in perhaps thirty have not yet been examined. Tomorrow, however, is expected to be a field day and while all the enrolled men will be mustered in, only a part of them can be physical examined as there are only blanks left for about twenty, and additional supplies cannot be obtained from the adjutant general's office, Jefferson City, until next week. Every man who enrolled has been ordered, officially, to report at headquarters, for the purpose of inspection to-morrow night at 8 o'clock as Major Settle, of the regular army has been ordered here to inspect the organization, and if it is satisfactory, pass it into the service of the U. S. The entire regiment will be inspected by Major Settle, and when the work is completed the regiment will lose its identity as a state organization and become a regiment of the U. S. army, its regimental number changing to the number it receives in proper rotation.

The system of numbering the army now organized is to start with the First U. S. Regulars and run consecutively until all the regular regiments are numbered, and then the first regiment of state troops, national guards, begins with the next number and the numbering goes on consecutively until every regiment, regular guards and conscripted men, are regimentally numbered in succession. As an example, as Missouri is the fifth state in the union, the guards of four preceding states, New York, Pennsylvania, Illinois and Ohio, will be numbered consecutively after the regulars, and when it comes to the 6th Missouri Infantry, its consecutive number in the U. S. Army, maybe the 420th regiment, U. S. A.

Following we give the names of all the boys who have enlisted. Of this number as stated before, only about half have been physically examined as yet, although nearly all have been sworn in, and are members of the company:

TO THE PUBLIC

As a result of malicious gossip an article appeared in The St. Louis Globe Democrat under date of July 2, 1917, alleging among other things, that arsenic had been found in flour of a Sikeston Milling Company, and that several hundred sacks had been confiscated. This statement is untrue. Not a sack of our flour has been confiscated here or anywhere else since we begun business in 1893, and we hope our many friends and customers will not be misled, but will continue to demand the flour that has long been known as the standard few could equal, and none excel.

This article was inspired for the purpose of doing this concern irreparable injury, and we hope the public will weaken such underhanded efforts by placing no credence in the same.

D. C. Cunningham, Doniphan, Mo.

Below we give the names of those that have been examined and failed to pass. It is no disgrace to fail on the examination, as it shows a spirit that is all right, and that the person tried to answer his country's call, but could not for the reason that he was not physically fit. It hurt some of the boys to be left out, as they were anxious to go, and it was a great disappointment to them, but they are entitled to commendation for they offered their lives freely and willingly to their country, in its hour of trial, but the requirements let them out:

Willie Tanner J. B. Laughlin
Arthur C. Payne James R. McQuay

Major Douglas Settle, detailed from Central Department headquarters, at Chicago, will be here tomorrow to inspect condition of Company "E", and instruct officers and men on their duty when taken over into the service of the U. S. In his report of the inspection, if the Company organization meets all the requirements, he will pass the Company into the service and the members of the company will then become U. S. Soldiers in the full sense of the term.

Farmers Bank Loan Meeting.

The farmers from the west side of the county are to hold a meeting in this city next Monday morning at 9 o'clock a. m. for the purpose of organizing a Farmers Loan Association under the registration of the National Farm Loan act, for the purpose of taking advantage of the benefit of the act for cheap loans from the government. The first of the associations organized in this county has begun to receive their loans and in many of the adjoining counties the associations already organized have their loans. It is cheap money and the government gives the borrower 36 years to pay the loan at 5 per cent, and at the end of that period the loan is all paid back to the government, as each borrower pays a percentage of the amount of the loan each six months when he pays his interest, and the percentage and interest only amounts to 6 per cent.

Registration Renumbering.

Under instruction from the authorities in charge of the preparation of the draft the County Board, consisting of the Sheriff, C. C. Worley, County Clerk, John J. Kennon, and Coroner, Dr. C. A. Proctor, have been renumbering the names of the men eligible for draft in this county this week. This renumbering was required by a change in the method of preparing for the draft, and as the registration lists have already been published twice in the local papers there will be no further publication under the present arrangement, unless required by the general government. The renumbered names however will be posted in the County Clerk's office so that all can ascertain their number, and the one they will most likely be drafted under.
